

Residential Single Hauler Information – Kimble

The City of Louisville, through a competitive bid process, found Kimble to be the lowest and best bid for residential refuse collection.

Understanding that not all residents want or need trash services, up to 10% of residential customers will have the option to opt-out of the single hauler contract on a first come, first served basis by completing an application provided by the Public Works Department. Opting out of the single hauler contract eliminates the annual curbside spring clean-up. You must receive Kimble's single hauler services to participate in the curbside spring clean-up.

A single hauler program provides cost reductions for residential solid waste and recycling services, fewer trucks on residential streets, and improves the consistency of waste collection. Curbside recycling is an additional option, with an additional can for combining all permissible recyclables to be collected every other week. An annual curbside spring clean-up is also included for all households participating in the single hauler contract.

ADDITIONAL INFORMATION:

- If your HOA and/or private street contracts with a waste company to provide service to all the residential households within your neighborhood, you are not included in the city program, although your HOA and/or private street may voluntarily opt-in to the program at any time. If your HOA/private street does not provide waste collection, your household is included in the program.
- A temporary stop service option will be available on an annual basis for snowbirds or residents who will be away from their homes for a minimum of three months. A "Stop Service" request form will need to be submitted by the homeowner and provided to the city. This will allow residents to stop their trash service, and not be charged, once per calendar year for a period of three months.
- Kimble agrees if any premises or collections are missed, they shall return to pick up on either the regularly scheduled day or at the beginning of the day after the regular pickup day. In no case shall Kimble pick up the missed premises later than the next business day.

<p><u>Base Rate Services:</u> Solid Waste & Yard Waste (Weekly) Curbside Spring Clean-Up (Once Annually)</p>	<u>Base Rate Services Cost (Years 1-5)</u>
	Year 1: \$15.06/Month
	Year 2: \$15.65/Month
	Year 3: \$16.26/Month
	Year 4: \$16.89/Month
	Year 5: \$17.55/Month

Base Rate Add-On Service:

Recycling- No Sorting (Bi-Weekly)

Base Rate Services with Add-On (Recycling) Cost (Years 1-5)

Recycling is an “add on” service cost to the single hauler base rates (above). Residential customers who choose this service will be provided with a separate can for recyclables. There is no need to sort or separate your recyclables. Pick up service for recyclables is every other week. The “add-on” costs for recycling are based upon the number of residents who choose to recycle, as seen below.

(0-500 Residents)		(501-1,500 Residents)	
<u>Add-On Cost</u>	<u>Base Rate + Add-On</u>	<u>Add-On Cost</u>	<u>Base Rate + Add-On</u>
Year 1: \$7.19	\$22.25/Month	Year 1: \$6.24	\$21.30/Month
Year 2: \$7.47	\$23.12/Month	Year 2: \$6.48	\$22.13/Month
Year 3: \$7.76	\$24.02/Month	Year 3: \$6.74	\$23.00/Month
Year 4: \$8.06	\$24.95/Month	Year 4: \$7.00	\$23.89/Month
Year 5: \$8.38	\$25.93/Month	Year 5: \$7.27	\$24.82/Month

(1,501-3,000 Residents)		(3,001-3,500 Residents)	
<u>Add-On Cost</u>	<u>Base Rate + Add-On</u>	<u>Add-On Cost</u>	<u>Base Rate + Add-On</u>
Year 1: \$5.24	\$20.30/Month	Year 1: \$4.25	\$19.31/Month
Year 2: \$5.44	\$21.09/Month	Year 2: \$4.42	\$20.07/Month
